The undersigned hereby declares that the material supplied to you (as stated in Annex A)

**DECLARATION OF CONFORMITY FOR PLASTIC MATERIALS AND ARTICLES
INTENDED TO COME INTO CONTACT WITH FAT, WET AND DRY FOODSTUFFS**

Product/s supplied : **FOOD CONTAINERS**

1 The undersigned hereby declares that the material supplied to you (Items C00701-C00704-V00431-V00432-V00435-V00491-V00492-V00495/P-V00496/P-V00497/P-V00498/P-V00500/PET-V00501/PET-V00502/PET-V00702-V00703-V00704-V00705-V00706) for packaging foodstuffs, for which are foreseen the migration tests using simulants A-B-D2*

Is conform

to the following EC legislation:

- Regulation 1935/2004/EC, article 3, article 11, paragraph 5, article 15 e article 17
- Regulation 1895/2005/EC
- Regulation 2023/2006/EC
- Regulation 10/2011/EC (in terms provided by art. 22 "Transitional Provisions" and 23 "entry into force and application") and later addenda and amendments

2 Aforesaid material is manufactured with the following raw material/substances:

- TRANSPARENT PET consisting of:
 - PET grain vergin in the external layers, which get in contact with food
 - Clear and blue PET pre-and post-consumer scales
 - PET scrap from internal processing waste recovery
 - Antiblocking

(for laminated material which layer comes into contact with the foodstuff)

3 We declare that

- ☐ The material can be used for food packaging as described in point 1 since there are no global and specific migration tests.
- ☐ The material does not contain substances that fall under the above legislative restrictions and complies with the basic rules for migration at the following conditions:
- ☒ The material contains substances that fall under the above legislative restrictions. The material complies with the basic rules for migration and the specific restrictions at the following test conditions:

Klarsichtpackung GmbH

Hattersheimer Straße 46, 65719 Hofheim/Germany

www.klarpac.de

- Migration in aqueous solution of acetic acid 3% (B) for 10 days at 40° C
- Migration in aqueous solution of ethanol 10% (A) for 10 days at 40° C
- Migration in oil (D2) for 10 days at 40° C

(Choose one or more simulants and testing conditions in reference to the Regulation 10/2011/CE, and the Decree of July 22, 1998-nr.338). The substances subject to restrictions are:

DIETHYLENE GLYCOL	CAS n° 111-46-6
ETHYLENE GLYCOL	CAS n° 107-21-1
ANTIMONY OXIDE	CAS n° 1309-64-4
ISOPHTHALIC ACID	CAS n° 121-91-5
TEREPHTHALIC ACID	CAS n° 100-21-0
ACETALDEHYDE	CAS n° 75-07-0

The overall migration limit, together with other specific restrictions that may be applicable to the monomers and/or additives contained in the material, are met on the aforesaid conditions of use. This statement is supported by analytical tests or calculations on the migration of the substances carried out in accordance with Regulation 10/2011/CE, Directive 97/48/CE and Italian Ministerial Decree of 21 March 1973, wherever applicable. The calculations are based on 1 kg. of foodstuff being in contact with 6 dm² of product.

4 The material doesn't contain substances regulated by Regulations 1333/08/EU and 1334/08/EU (substances also known as "dual use" additives).

5 The products stated in Annex are **intended to come into contact with fat, wet and dry foodstuffs**. The use of the material of the present declaration, is subordinated to the assessment of its conformity according to the rules as well as the technological suitability to the purpose for which it is intended. The products can be filled with the above mentioned foodstuffs and be stored for a maximum of 10 days at 40 degrees celcius.

We furthermore declare that the raw materials which are used to produce the products stated in Annex A, are purchased from suppliers compliant with REACH Regulations, and who made the correct registration processes when necessary. Furthermore, thanks to the declarations we gathered and the controls we made on our suppliers, we can state that no concentration higher than 0,1% of the substances mentioned in the 'candidate list', is contained in the items supplied.

Schlussbestimmung / Vereinbarungen:

Die Erklärung gilt unter der Bedingung, dass die Artikel unter normalen und vorhersehbaren Bedingungen eingesetzt werden, sowie einer Handhabung, Nutzung und Lagerung bei der die spezifischen Merkmale des Produktes erhalten bleiben. Diese Lebensmittel- und Unbedenklichkeitserklärung ist Bestandteil der jeweils gültigen Kauf-, Kontrakt-, und Lieferbedingungen. Bei Änderungen am Packmittel oder bei Verfahrensänderungen, welche eine Änderung dieser Spezifikation erfordern, ist der Kunde vorrangig zu informieren.
